BIO

I'm Fakher Al-Hamad, a junior Full-Stack developer originally from Syria.
I studied IT and after graduation I worked as an IT teacher for about two years. I came to Germany in 2015 and I live now in Berlin, where I got the opprtunity to join a web development course at DCI, in which I could improve my skills and I learn new frameworks and tools.

WORK EXPERIENCE

5/2018 - now

Web Development Tutor
Digital Career Institute - Berlin

Since May 2018, tutoring DCI students as a part of the front-end web development programme, helping the new students and guiding them in regards to their future career.

2013 - 2015

IT Teacher
Computer Technologies Institute - Deir Ez-zor, Syria

Teaching IT to the first and second year students.
